NEOPRENE GLOVES

Beaver Gloves are an integral part of your diving equipment and should be treated with as much care as the rest of your accessories. Your Gloves have been designed for use while diving to protect your hands from the cold and from incidental scrapes and cuts. These Gloves have been manufactured to stringent quality control regulations, giving you a product which is strong, durable and will give years of trouble-free service provided a few basic instructions are adhered to.

MODEL: _____

DATE OF PURCHASE: _____

PURCHASED FROM: _____

INSTRUCTIONS

1. Always ensure that the equipment you purchase is suitable size and fit for the application for which it is intended, gloves should be a tight fit but not uncomfortable. If you are not sure seek the advice of an authorised Beaver dealer.
2. Prior to use ensure that your equipment is in good condition and free from faults or damage that may impair it's proper and safe use. Check that any straps and buckles work correctly, and inspect the seams and material for holes or tears. **NEVER USE FAULTY OR DAMAGED EQUIPMENT.**
3. To avoid damage to the straps and buckles, do not over tighten.
4. After use, rinse in fresh water. Avoid contact with solvents, detergents, oils, etc.
5. To clean your gloves and any other neoprene products such as your wetsuit and boots use McNett Wet Suit Shampoo available from all Beaver stockists.
6. Keep away from heat sources, and avoid direct exposure to the sun.

CAUTION

All watersports are potentially hazardous. Before using any watersports equipment you should be properly instructed and trained in its use by a recognised club or organisation.
