OPTICAL LENS FOR DISCOVERY MASK

Your Beaver Optical Mask Lens is an integral part of your life support system and is designed for use with the Beaver Discovery Mask. This Beaver Optical Mask Lens is designed for users who require optical correction who wish to wear a mask without glasses or contact lenses. Beaver Optical Mask Lenses are manufactured to stringent quality control regulations, giving you a strong and durable product which will give years of trouble-free service, providing they are handled and maintained correctly. All Beaver Optical Mask Lenses are CE marked, and manufactured to exceed all recognised safety guidelines.

INSTRUCTIONS

1. Always ensure that the Beaver Optical Mask Lens matches your prescription. If in any doubt contact your optician for advice.
2. Beaver Mask Lenses are not suitable for Underwater Rugby, Hunting or any other activity other than snorkelling and recreational diving. If in any doubt, seek the advice of an authorised Beaver Dealer.
3. Ensure you do not place undue stress on the mask when removing and installing the lenses as this may cause damage.
4. Ensure that the mask and lenses are correctly re-assembled, following the installation guide provided and are properly tested for leaks before underwater use.
5. Before using your mask for the first time, it is recommended that you clean the lenses using a pre-cleaner such as McNett Sea Buff to remove any potential manufacturing residue.
6. Prior to diving, check that the strap and buckles operate correctly, are in good condition and adjusted to size correctly. Ensure that the lenses are thoroughly cleaned using McNett Sea Drops or Sea Gold.
7. Never dive face down into the water, and avoid undue impact against the lenses.
8. After use apply McNett Sea Drops or Sea Gold.
9. You should always have a backup mask when diving, Beaver manufacture the Mini Atomic and Atomic masks that fit into our Emergency Mask Pouch. These products are available from all Beaver Dealers.
10. Avoid contact with solvents, oils, detergents etc. Always store your Beaver Diving Mask in the hi-tensile polymer case supplied.
11. Keep away from heat sources, and avoid direct exposure to the sun.
12. McNett Sea Buff, Sea Drops & Sea Gold and spare parts are available from all Beaver dealers.
13. Beaver provide a complete range of diving equipment which is available from all Beaver Dealers. To receive a copy of our up to date free full colour brochure with prices and full dealer list included, please contact Beaver direct at the details above alternatively visit our website.

CAUTION

All watersports are potentially hazardous. Before using any water sports equipment you should be properly instructed and trained in its use by a recognised club or organisation.
