## WEIGHT HARNESS POCKETS

Your Weight Harness Pockets are an integral part of your Beaver Tech Weight Harness which is part of the extensive Tech Weight System that with the correct combination can answer all your weight requirements and should be treated with as much care as the rest of your equipment. Beaver Weight Harness Pockets should only be used with Beaver Tech Weight Harness Systems and they have been manufactured to stringent quality control regulations, giving you a product which is strong, durable and will give years of trouble-free service providing they are maintained correctly.

 PURCHASED FROM: \_\_\_\_\_

## INSTRUCTIONS

1. Determine your weight requirement considering your equipment and location. then place the correct amount of weight using a combination of 1,2 or 3kg Beaver Lead Shot pouches into pouch 4. (it is not recommended that you use lead block, however in extreme cases, if you must use lead block, make sure it is tightly secured with strap 1).
2. Close Velcro Flap 2 to Velcro Point 3 to close your Weight Pocket.
3. Insert Assembled Weight Pouch 4 Into Harness 5 and secure with Flap 6 to Point 7, Close Harness Cover 8 and secure at point 7 with strap 9.
4. Check all straps and fastenings are in good working order prior to Diving.
5. Ensure you have your correct buoyancy prior to diving, if you are unsure, consult your diving instructor who may require you to do a pre-dive check.
6. Prior to entering the water it is essential to ensure all systems are securely and correctly fastened and velcro is secure, if you are unsure seek advice from a Beaver dealer before use.
7. Ensure easy access is available should you have to make an emergency ejection of your Belt.

## CARE

1. Keep dry and clean when not in use.
2. Avoid contact with harmful chemicals
3. Do not strike with heavy objects.
4. Do not throw or drag along the ground.
5. Beaver provide a complete range of diving accessories for use with Weight Belts that are available through all Beaver Dealers. To receive a copy of our up to date brochure and price list please contact your local dealer or Beaver direct at the details below alternatively see our website.

## CAUTION

*Lead products are extremely heavy, always handle with caution and care and use appropriate lifting techniques and equipment when handling large quantities. product All watersports are potentially hazardous. Before using any watersports equipment you should be properly instructed and trained in its use by a recognised club or organisation.*
