NEOPRENE DRY SUIT BOOTS

Beaver Neoprene Dry Suit Boots are an integral part of your diving equipment and should be treated with as much care as the rest of your equipment. Beaver Neoprene Dry Suit Boots have been designed to protect feet from the cold as part of a diving dry suit, provide a firm grip, protect against rough and sharp surfaces, incidental scrapes and cuts during diving and other water sports. Beaver Neoprene Dry Suit Boots have been manufactured to stringent quality control regulations, giving you a product which is strong, durable and will give years of trouble-free service provided a few basic instructions are adhered to.

DATE OF PURCHASE: _____

PURCHASED FROM: _____

INSTRUCTIONS

1. Always ensure that the equipment you purchase is the correct size and fit for the application for which it is intended. Beaver Neoprene Dry Suit Boots are intended as a replacement or original part for many models of diving dry suit and should be a snug fit, but not restrictive or uncomfortable. If you are not sure seek the advice of an authorised Beaver dealer.
2. Beaver Neoprene Dry Suit Boots must be correctly fitted to a Dry Suit by an approved suit repair centre or manufacturer. Specialist adhesive, machinery and techniques are required.
3. Prior to use, ensure that your Boots are in good condition, free from any faults or damage that may impair their proper and safe use. Inspect the seams and material for holes, tears or other damage. Never use faulty or damaged equipment.
4. After use, rinse in fresh water, avoid contact with any solvents, detergents or oils, etc.
5. To clean your Beaver Neoprene Dry Suit Boots and any other neoprene products, it is recommended that you use McNett Wet Suit Shampoo available from all Beaver dealers.
6. When not in use, store in a cool and dry location away from heat sources, and avoid direct exposure to the sun.
7. Beaver Sports provide a comprehensive range of boots and dry suit accessories to suit a wide of applications, please contact your Beaver dealer for further details.

CAUTION

All watersports are potentially hazardous. Before using any watersports equipment you should be properly instructed and trained in its use by a recognised club or organisation.
