BUNGEE LINE

This Beaver Bungee Line is an integral part of your equipment and should be treated with as much care as the rest of your accessories. It has been manufactured to stringent quality control regulations, using the best quality materials for use in and around water, giving you a product which is strong, durable and will give years of trouble-free service, providing a few basic instructions are adhered to.

MODEL: _____

DATE OF PURCHASE: _____

PURCHASED FROM: _____

INSTRUCTIONS

1. Always ensure that the Bungee Line you purchase is suitable for the application intended. Beaver Bungee Lines use superior quality, high strength 9mm nylon braded Bungee elastic, crimped and sealed for maximum durability, combined with 316 Marine Grade corrosion resistant stainless steel fitting. They are supplied in a selection of lengths and integral fittings. Seek the advice of an authorised Beaver dealer for assistance.
2. Beaver Bungee Lines are designed for maintaining suitable items of equipment in a neat and convenient position or location, whilst also allowing quick and easy access when required. The integral 316 marine grade stainless steel fittings allow attachment to itself and also provides the option of use with many types of connecting accessories to allow use for a huge variety of diverse applications.
3. Beaver Bungee Lines are not designed to be used as lifting equipment. Under no circumstances should your Bungee Line be used for lifting or pulling any item.
4. Ensure that any equipment stored or fastened using Beaver Bungee Lines will not interfere with the safe operation of any other equipment, or cause damage to the natural underwater environment.
5. Prior to diving, check that your Beaver Bungee Line is securely fitted and is not damaged in any way. Under no circumstances should you dive with damaged or faulty equipment. Beaver Sports can not be held responsible for the loss of or damage to any item under any circumstances during use of this product.
6. After use thoroughly rinse in fresh water. Avoid contact with solvents, detergents, oils, etc. Keep away from heat sources and avoid direct exposure to the sun.
7. Beaver Sports market a full range of high quality fittings which may be used in conjunction with Bungee Lines and are available from all authorised Beaver dealers.

CAUTION

All watersports are potentially hazardous. Before using any watersports equipment you should be properly instructed and trained in its use by a recognised club or organisation.
